

Next Meeting: September 25, 2023, 11:30-1:00

Hello! I hope you enjoyed the summer, hard to believe the leaves are already starting to change colour!

Personally, I took the month of August to learn more about the Council and the Thrive project, finding myself more and more drawn to this work and I look forward to sharing with you what we are working on over the coming months.

"Who do you think are the Strongest ?" asked the boy. "The Joft hearted and the hones " said, the orse Can resist ones who can resist cake " said the mole.

Our next community meeting is on September 25th and I hope to see many of you there. We have Hayley Guichon from the Denisiqi Services Society as our guest speaker.

In the meantime, keep your eyes open for your membership renewal invoices, they will be emailed out in the second half of September.

Liane Nunn Communications Coordinator

Updates

Meet Our Newest Board Member!

Lindsay grew up on Salt Spring Island and moved to the 100 Mile House in 2000, where she met her husband in 2005.

In 2006 they moved to Burnaby, B.C. and spent several years moving all over the Lower Mainland for her husband's work. In 2007 they welcomed their first son, Austin, and in 2010 they had their second son, Jaxson. Shortly after, they relocated to Lethbridge, AB before heading back to BC in 2015 in the beautiful village of Kitimat.

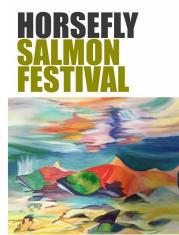

In December of 2017 they had the opportunity to move back to the Cariboo, which they were so excited to pursue as many of their family and friends were close by!

Lindsay started her financial career in banking in 2008 as a Customer Service Representative. From there, she had the opportunity to grow her knowledge in finance and quickly moved to an Assistant Manager role, both in Kitimat BC and Williams Lake. Within two years, she worked her way into the Branch Manager position.

In 2022, Lindsay took a chance and was successful in becoming the Community General Manager for CIBC in Williams Lake. She says her new role has definitely kept her on her toes but she wouldn't change a thing!

She was approached in April of 2023 by a couple of current SPC Board Members, who introduced her to the world of SPC. Lindsay says, that those this is still very new to her, she is so excited to be a part of this team and bringing our community closer together with amazing programs and building on the previous success.

CHAMBER EXPO 2023

YES! This Expo is for the public to enjoy! Looking for a job?

Want more information on a local store? Searching for more options in town?

Look Who's Hiring

Do you want experience working in a classroom? Do you have a postsecondary degree or certificate in one (or more) of the following areas? • Science • English • Library • Math • French • Metalwork Then our School District may be the right fit for you! Letter of Permission teachers work full-time from Sep-June as a classroom teacher!

NON-CERTIFIED TEACHERS ON-CALL (NTOC)

If you want experience in the classroom, but cannot commit to a full time role, consider becoming a NTOC.

Applicants who have a degree or who have a combination of education and experience in all subject areas may be considered for on-call work. Please note that hours are not guaranteed.

Resources

Home Mitigation Incentive Program

The Home Mitigation Incentive Program is a new pilot program offered by the Canadian Red Cross to support residents impacted by the 2017 wildfires in British Columbia. The program provides financial incentives to targeted eligible residents who wish to undertake mitigative actions to protect their homes against future wildfires, floods, and extreme heat events.

BC Wildfire Mental Health Resources

If you're struggling with your mental health or looking to support others, here are some useful resources on how to cope and navigate uncertainty during natural disaster emergencies.

Liane Nunn Introduction: Laurie Walters

Guest Speaker(s): Anne Burrill (Urban Matters), Extreme Heat Mapping

- Why it is important to understand Extreme Heat
 - Experiencing more frequent and severe heat waves
 - Seeing 2.5 times more warm summer days

- Resource: Climate Atlas of Canada, <u>Very Hot Days (+30°C) | Canada | Climate</u> <u>Atlas of Canada</u>
- Health Impacts
 - Heat is now the leading cause of weather-related deaths in Canada
 - Has direct and indirect health impacts
- Extreme Heat Response Plan
 - Provides guidance and protocol for responding to an extreme heat event
 - Focus on minimizing the negative impacts of high temperatures
 - Local government can activate an EOC
- City of WL Strategies
 - Extreme Heat Response Committee
 - Planning and Communications
 - Activation of EOC and ESS response when required
 - Long term mitigation strategies
- Triggers and Criteria, WL (Northeast Region)
 - Heat Warning, Level One
 - Two days or more of 29 degrees
 - Nighttime does not fall below 14 degrees
 - Extreme Heat, Level Two
 - Forecast indicates daily temps will increase consecutively for 3 days or more
- Long Term Strategies
 - Increase tree canopy and shade in urban areas
 - Heat protection for residential
 - Improve organizational heat preparedness for community partners

Questions

- Shannon Thom the provincial government is to distribute 8000 air conditioning units; do you know how they are planning to make the decision as to who receives them?
 - Anne It will be managed through BC Hydro; they will do something like the BC Hydro Rebate process
- Laurie thinking ahead as community stakeholders is there someone spearheading this and leading the charge on the committee?
 - Anne Beth has been spearheading, but once the plan is approved it will transfer to Evan Dean
- Laurie any information or communications to pass onto our members, and where to find it?
 - Anne From Beth or Evan. They are leading this and have produced some communication materials
 - Heat Alert Response Protocol | Williams Lake, BC Official Website

Lightning Round - Share an Organizational Update, a Challenge, or a Success Stacey Miranda, City of Williams Lake

- Creating more family entertainment at Kiwanis Park: July 30th and August 20th hosting a slip and slide party along with the spray park
- Youth Night Out August 5th Maze Runner Theme
- Rec Cross Babysitter Course August 12th and 13th

Silvia Seibert-Dubray, City of Williams Lake:

- Hosting a 'Build a Cooling Kit' workshop for seniors at the senior's center August 3rd
- There is a new staff sergeant, creating a full senior staff of RCMP

- DIY Cool Kits for extreme heat
 - BC Community Response Network is hosting the event next week
 - Building kits and sharing information
 - Building a Cooling Kit Seniors Centre, respond to Eva Navrot 778-412-

1853. Date: August 3rd at 3:30

• Focus on extreme heat planning

Madi Rushton – Canadian Mental Health Associations:

- No big updates, continuing to support the community
- Now certified to provide safe talk and suicide prevent presentations

Heather Silvester, Canadian Mental Health Associations Cariboo Chilcotin Branch:

- Lots of positions are available: <u>https://cariboo.cmha.bc.ca/careers/</u>
- Rolling out psychological Health and Safety in the workplace
 - Currently it is optional to be a part of this, but recommends organizations to review the information and read about the benefits of putting a committee together

Laurie Walters, Social Planning Council (SPC):

- SPC has received funding to do a Poverty Anti-Stigma video
 - This will launch the Thrive Re-ignite project and provide education and awareness for poverty reduction
- Reminder there is no August community meeting
- Newsletter is going out on Thursday, please send any information to Liane

Hannah Diether, Central Interior Rural Division of Family Practice:

• Maternity clinic opened at the CMHA in mid-July. Offers primary care, patients can self-refer

· Will send Liane a poster for the newsletter

Brianna van de Wijngaard, The Central Cariboo Community Food Hub:

• Collected just under \$900 worth of local food diverted from the farmer's markets and distributed to partner organizations

Bree Odd

- BCSS is still looking for an educator, please get ahold of the interior manager for more information
- Finishing up SPC work in the rest of July
- Providing a workshop to TRU students in September
