Hello everyone

I'd like to introduce myself; my name is Liane Nunn and I am the new Communications Coordinator for the Social Planning Council.

I was born and raised in Williams Lake, and I look forward to this opportunity to work more closely with the organizations and the people of the community. Growing up I had a love for acting and participated in many productions with the WLSS Musical Theatre program and the WL Studio Theatre. After high school, I followed this passion to Douglas College and completed a two-year acting program. I love the comradery and creativity that lives in the theatre, and I look forward to bringing these values to this new role.

After college, I moved back to Williams Lake, and accepted a position with Tolko Industries. I worked within Tolko for eight years, supporting the Human Resources and Safety departments. I had a focus and an interest in employee engagement and communications. I acted as the Communications Coordinator for the Williams Lake divisions and was involved in many engagement and recruitment projects. During this time, I also completed the Human Resources Certificate from BCIT.

Over the past four years, I have been enjoying my time as a stay-at-home mom, raising my young family. Our family is passionate about the outdoors and spend a lot of our free time enjoying biking and fishing around the Cariboo.

I value courage, vulnerability, and self-awareness, and I will lean on these values as I start a new chapter in my career by coming onboard with the Social Planning Council. I understand I have big shoes to fill as Bree goes on her new adventure, but I look forward to the challenge and would like to wish Bree all the best in her future endeavors.

Funding Announcement: Expanding Family and Natural Supports Programs

Canadian Observatory on Homelessness, A Way Home Canada, Making the Shift Youth Homelessness Social Innovation Lab

Exciting news! With support from the Public Health Agency of Canada, we have further scaled the [Family & Natural Supports](#) program. This program aims to help young people who are at risk or experiencing homelessness to strengthen their relationships with family and other meaningful adults in their lives as a form of homelessness prevention.

Check out our blog to learn more.
